REGULATORY EXPERTISE:

OSHA Certifications: 510 & 511

Advanced OSHA Specialty –

HazCom, Lockout/Tagout, Ergonomics, Fire & Electrical Safety
Incident/Accident Management

Lean Six Sigma - Yellow & White belt

AHA - CPR & AED

CORE COMPETENCIES:

- Cross-Site EHS Leadership
- Executive Safety Metrics Reports
- Incident Investigation & Root Cause Analysis
- Emergency Preparedness, DEA regulations & COOP Planning
- Hazardous Waste Reduction, CRTK reports & Cost savings
- KPI Analysis, Safety Metrics & OSHA 300 logs
- ISO 14001 & ISO 45001 Implementation
- Emission Reduction and Sustainability, CEMS (Title V)
- Budget ownership & Governance
- Strategic Enterprise level Risks
- RCRA, NPDES, CAA, SPCC

EDUCATIONAL QUALIFICATION:

MASTER OF SCIENCE
Professional Studies in Environmental, Health & Safety Engineering & Project Management
Rochester Institute of Technology, NY
Awarded on May 2022

BACHELOR OF ENGINEERING
Electronics & Telecommunication Engineering Technology
University of Mumbai, Mumbai
Awarded on May 2017

PROFESSIONAL SUMMARY:

Strategic EHS Leader with **8+ years of experience** driving **regulatory compliance, operational risk reduction and safety culture transformation** across pharmaceutical, healthcare, laboratory, construction and manufacturing environments. Proven success of **reducing TRIR**, enhancing audit readiness, and translating OSHA, EPA, NJDEP, DOT requirements into scalable, business-aligned safety systems. Expert in hazardous waste management, emergency preparedness, and executive safety reporting.

PROFESSIONAL EXPERIENCE:

Environmental, Health &Safety Manager April 2025-Present
ANI Pharmaceuticals, Inc. – East Windsor, NJ | Accomplishments:

- Provided **site-level EHS** leadership aligned with **corporate governance, enterprise risk management, executive advisor** on safety culture transformation narrative and loss prevention framing has **11% improvement** in **emissions reduction metrics and waste diversion.**
- Post implementation of **EHS policies, SOPs, and emergency drills strengthened FDA audit readiness alignment and GMP environment safety integration.**
- Led environmental permitting and hazardous waste programs, ensuring full federal and state regulatory compliance while **minimizing operational disruption, cost avoidance and regulatory exposure.**
- **Partnered with senior leadership** to institutionalized EHS systems, **cross-functional alignment with QA, Manufacturing, Engineering achieved 7.3% reduction in operational risk events.**
- Supervised **enterprise-level safety and health orientation for ~281 employees**, increasing engagement, Workers' comp reduction and achieving a **4% reduction in Total Recordable Incident Rate (TRIR)**
- **Capital project involvement had positive insurance impact through data-driven KPI monitoring and sustainable site-level controls.**

Chemical Hygiene Officer April 2024-April 2025
Criterion Laboratories, Inc. – Bensalem, PA | Accomplishments:

- **Directed Laboratory EHS** and Chemical Hygiene Plan to institutionalize **risk-based controls, elevate chemical lifecycle governance, and drive a 21% reduction in exposure incidents**.
- Led EHS audits, inspections readiness, and corrective actions to reduce **chemical exposure risks, minimizing downtime and lowering costs.**
- **Chaired Safety Committee meetings**, partnering cross-functionally to **mitigate liability and risk by 18% YTD** with zero citation.

Safety Officer Feb 2023-March 2024
Oklahoma City Indian Clinic, Inc. – Oklahoma City, OK | Accomplishments:

- Chaired **Safety Committee** meetings**, united with the organization's infection control professionals on joint matters**.
- Represented Safety Department for National Quality Award, achieving **99.8% compliance.**
- Led **healthcare EHS** programs and emergency preparedness initiatives which **reduced incident rates by 35%** in the quarterly metrics.

EXECUTIVE SKILLS:

- ESG & Sustainability Strategy
- Risk, Compliance & Liability Management, RMP & PSM
- Business & Financial Acumen
- Enterprise EHS Strategy & Governance DAHS
- Leadership & Organizational Influence, MS Project
- Talent & Culture Development
